

A modern outdoor lamp with a brown, pleated shade and a thin stem, standing on a white table next to a glass of water. The lamp has a textured, metallic-looking finish. The table is white with a curved leg. A clear glass with water is on the table. The background is a blurred outdoor setting with a blue wall and a white lattice fence.

GOA

Cubist, simple and a treat for the eye. This is Goa, an exterior wall light that delivers great performance with simple shapes. Thanks to the integrated LED lighting and the opening on both sides, Goa shines its light in two directions. You can mount this wall light either horizontally or vertically on your exterior wall or facade. The unique shape with the central opening creates a symmetrical, cosy light. This outdoor light creates atmosphere and cosiness on your terrace or patio, or in your garden.

TEXAS

Let your way be shown by an exclusive design in outdoor lighting. This outdoor model named Texas consists of a plinth 40 centimetres tall and integrated LED lighting with a bright and yet cosy light. Texas is perfectly suited to illuminate paths, but also to bring extra atmosphere into your garden, patio or to your terrace. The anthracite construction fits subtly into the environment and provides great atmosphere in the evenings.

TEXAS-IR

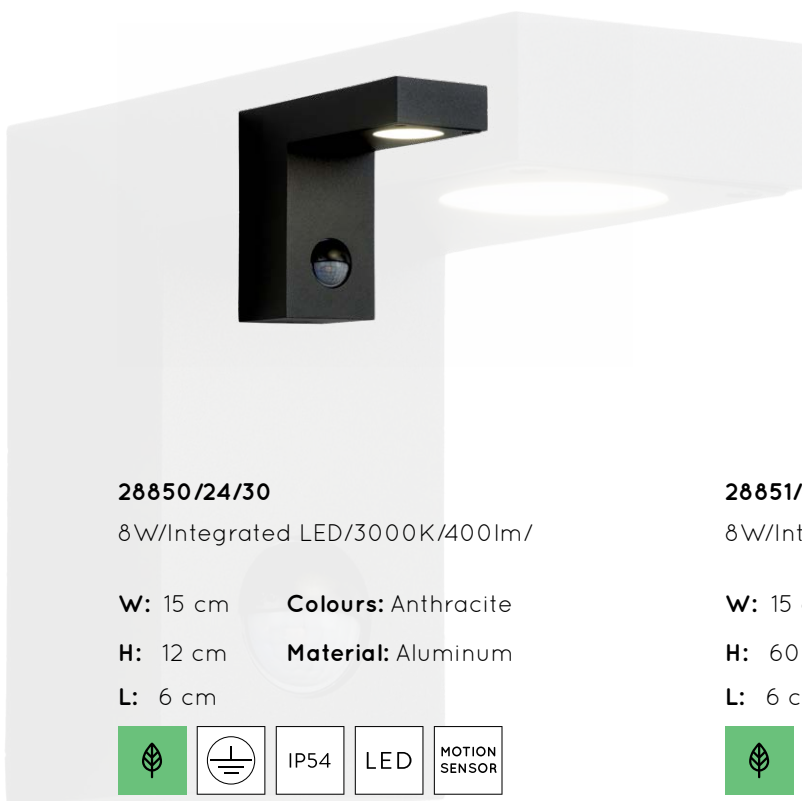

This wall light for outdoor use with integrated motion sensor is already a classic. In the anthracite housing, not only is the LED lighting beautifully tucked away, the infrared sensor is also only subtly visible. The sensor ensures that searching for a switch is completely a thing of the past. Texas IR, as this outdoor armature is called, turns on when someone approaches. It provides a heightened feeling of security with a very attractive and sleek design. Even with the technological features, this wall light is just 12 centimetres tall.

COMBO

Bring class and lighting into your garden or onto your terrace. This outdoor lighting is named Combo. Combo, because it combines a beautiful design with functional lighting. The black tube is barely 25 centimetres high and has a diameter of 9 centimetres, but with its integrated LED lighting provides an indirect and warm glow. The LED has 200-lumen brightness, which means that it is the ideal companion to guide you along paths or drives.

BOOGY

A subdued wall light for outdoor use that delivers striking performance. Get to know Boogy. This outdoor lighting is only 15 centimetres tall and thus fits seamlessly into its environment. The anthracite construction is very stylish and fits perfectly in a modern environment. Certainly on dark walls or facades, this wall light is a welcome guest. Or go for contrast: install Boogy on a pale plastered wall or façade. Boogy shines its light on two sides: above and below, or right and left.

DIMO

Dimo is a fun wall light for outdoor use. Of course Dimo can also be of service indoors, but it comes fully into its own outdoors. You can easily install Dimo on an exterior wall. It provides a comfortable light that not only benefits the cosiness in your garden, patio or terrace, but also improves the functionality. The brightness is just right: not too bright, not too soft. You can thus enjoy pleasant evenings in the open air in all comfort. Dimo is also easy to connect to a dimmer.

OXFORD

Oxford is an ingenious contemporary fur lamp with that little something extra. Due to its elegant round shape, the wall lamp fits almost every style of home. Place it on either side of the front door or on your home's facade. Oxford always illuminates your path with its upward and downward beam of light. Compact in shape but no less striking: the wall lighting is 11 centimetres high and about 14 centimetres wide. Early in the morning or late at night, Oxford is your loyal partner through wind and weather.

ZORA-LED

Sustainable lighting elements are sexy. Zora-LED is hip, modern and pitch black. Sultry, energy-efficient lighting above your head. With its IP rating of 44, it lights up your passionate summer evenings outdoors with pleasure. This wall light is spirited and passionate. It is passionate through good lighting. The GU-10 fitting testifies to that. You can replace Zora-LED's LED bulb yourself. This lamp makes your heart beat faster. This lighting from Lucide is a stylish, functional decoration for your terrace or front façade.

ZARO

Wall spotlight Zaro stands its ground in all weather circumstances. This modern fixture is specifically designed for long-term outdoor use. That it can take a beating is an understatement. Although that does not mean that it looks rough. On the contrary. The rectangular design in high-quality aluminum has a slim look. Inside, the light point is safely shielded. And as befits contemporary lighting, Zaro is compatible with an LED lamp. That completes the picture of your outdoor environment.

ZARO IR

An outdoor light with a motion sensor not only increases security, but also helps you find your keys quickly when you come home in the dark. But Zaro IR offers so much more: this compact, contemporary wall light, made from high-quality aluminium, provides downlighting to illuminate your façade, driveway, or garden path - so you can enjoy your outdoor space even more. For maximum effect, install several Zaro IRs in a row. The stylish spotlight is 17 centimetres high and 10.4 centimetres wide and is compatible with LED light sources.

ARNE-LED IR

Ever seen a beautiful, unique outdoor lamp? With a motion sensor? The Arne lamp offers several unique advantages. The LED source generates high-quality lighting that no one can get tired of. A side bonus: the light source is included. With its length of 6.7 centimetres, Arne is a compact thing, so that you can easily hang several of them on your exterior wall. The construction in black brings extra life to your terrace or driveway. Those who enjoy the modern style are sure to understand why!

VOLANTIS

Illuminate your path wherever you go. Volantis is a cylindrical, contemporary spot that can handle a bump. It shines its light straight down. So hang it under the roof at your front door or garden shed, or install it in your carport. You simply switch it on with a wall switch. Thanks to its aluminium jacket, it is resistant to weather and wind and shines easily all year round. In addition, it is not too conspicuous with a diameter of just under 11 centimetres and just over 15 centimetres in height.

TAYLOR

You want to rely on a sleek design, technical features and reliable quality, even outdoors. Taylor combines these features in a modern and timeless design. This wall spotlight in high-quality aluminium with one light bulb can be attached to a façade without worries. The materials have been carefully chosen for long-term and reliable outdoor use. The light source can be rotated and tilted until it is in the correct position. Thanks to the subtly incorporated motion sensor, Taylor is also extremely economical to use and only reveals its secrets when it is actually needed.

TATUM

Experience your garden even more intensely thanks to modern garden spots at the edges of your lawn or along your walking path, or as an eye-catcher in your garden. The compact exterior lighting Tatum tilts and illuminates exactly what you want. You engage the spotlights with a wall switch. That means the light only burns when needed. The integrated LEDs do the rest for energy efficiency. The high-quality aluminium is resistant to the outside conditions, so you can enjoy your garden spots for a long time.

MANAL

Wall spot Manal brightens up the outdoor environment of your home. The cylindrical aluminium spot is sleekly finished, with a subtle touch of fantasy. Instead of a predictable cylinder, the design uses an overlapping section on the upper half. This creates subtle line work and a shield for the integrated LED. An aesthetic and functional choice. Manal is specially designed for long-term and reliable outdoor use. Thanks to the shield, the light source remains free of dust and sand for a clearer view of things.

BASIC

A leader of its kind. That is what you can call wall lamp Basic. This outdoor lighting combines a simple, functional design with high ease of use. Why? Because with this outdoor lighting, you bathe in pure ease. The wall lamp works without a power supply: you can easily install it in your garden or as an ambient light next to your front door. The batteries charge themselves through the integrated solar panels on the wall lamp. Moreover, thanks to the built-in motion sensor, it lights up automatically.

DUDLEY

Why limit classy lighting to your interior? With wall lamp Dudley, you make a style statement, even before the front door swings open. Dudley is reminiscent of the wall lighting in an authentic cabin. A contemporary interpretation of classic shapes with a retro light fixture as a result. The design in aluminium and glass combines light weight with modern techniques for long-term and reliable outdoor use. Dudley is compatible with an LED bulb and economical to use. You can be sure of a low energy bill, without sacrificing cosiness.

SLIGO

A beautiful lamp should be appreciated and Sligo knows this very well. This wall light is characterised by its elegant simplicity. The base for the light source is surrounded by a transparent PVC cylinder and perfectly complements the filament lamp. Sligo will fit effortlessly on the façade next to your front door, in your garage or carport, or arranged in a row along a wall. This wall light can easily be connected to an external dimmer for added ambience. Sligo is 10 centimetres long and just under 28 centimetres high.

CAPSULE

Don't be fooled by its name. Capsule boldly sums it up but doesn't hide it in the least. Caught in an oval shape, the light source is given free rein in this striking facade lamp. With its timeless look, you can hang Capsule outside wherever you want. In series on your terrace, on either side of the front door or as company under the carport, Capsule can take a beating. The wall lamp is almost 10 centimeters long and 24 centimeters high. You can easily operate it via the light switch.

CLAIRE

Claire is an elegant lamp. The light source is protected by transparent glass. With a length of 17.5 centimetres and a height of 30 centimetres Claire doesn't get in your way, and thanks to the E-27 fitting, combined with an IP-value of 54, this lamp scores high on functionality. Definitely suitable for use out on your terrace. Give Claire a LED light and it will ensure a beautiful light for a cosy night with your family. With her warmth, Claire welcomes any guest with open arms.

CLAIRE

Beautiful outdoor lighting for your garden? Do not look any further, because you have found it with pedestal lamp Claire . The aluminium frame goes hand in hand with the transparency of the clear glass. With this outdoor lighting, you can accentuate specific parts of the garden. Think about your garden path, pond or grassy area. Or simply use Claire as a mood-setting lighting element. Certainly consider a cool LED-filament lamp as the bulb. Once you have chosen your filament bulb, you will enjoy a cosy atmosphere and a pleasantly lit garden.

MATSLLOT

Elegant, stylish and yet contemporary. Matslot is a wall light for your garden, your terrace or your front or back door. Why? Because of its rustic form and clear reference to the classical lantern. It goes hand in hand with a modern finish and a characteristic artisanal touch. You can tell by the glass window, finely detailed with a decorative edge and its classical look. This outdoor lighting adds style and refinement to your garden, terrace or driveway.

DUKAN

Dukan fits right into a museum: one light source contained in a stylish black frame. This wall light is suited for long-term and reliable outdoor use. The design is made of high-end glass and a steel rectangle frame of 25.8 by 8.6 centimetres. With its tight look, the wall light perfectly fits a modern façade. Thanks to its timeless design, this outdoor light also feels at home at a classical home. Combine the fitted LED and immediately set the mood for every visitor ringing your doorbell. With the help of a slim mounting plate, you can easily attach the wall light to the façade. Dukan also easily connects to a dimmer.

CLAIRETTE

Meet Clairette. This special, poised garden lighting is made to be installed on your exterior wall. The stylish design of the outdoor lighting receives extra emphasis from the LED light bulbs, which are integrated almost invisibly in the top part of this modern wall light. In addition, there is no need to flip the switch to witness Clairette in its full glory: the integrated motion sensor is perfectly aware of when someone is nearby in need of directions.

NISPEN

Combine a rustic touch with contemporary shapes and stylish outdoor lighting and you get Nispen. This wall light for outdoor is pure elegance thanks to a mix of high-end metal with sleek lines and the feminine shapes of the glass tube that protects the light bulb. Of course, this outdoor lighting is easily connected to an external dimmer. It sits perfectly at your front door or alongside your terrace or can accentuate a detached façade.

ZICO

Small in size but big in attitude: that's Zico. The exterior lighting has a diameter of barely 21.8 centimetres. Yet this wall lamp manages to light your front door or garden path. The fitting is made from high-grade aluminium and feels right at home in a rustic environment. Combined with a filament bulb, the transparent casing made from real glass creates a cosy vintage effect. The sustainable design will keep its stylish look even after long-term outdoor use.

FEDOR

Stylish living starts outside your front door. With Fedor, you immediately make a tasteful statement for your visitor. Even before they ring the bell. This wall light has been specially developed for outdoor use. With strong materials such as matte chrome and adapted technology, Fedor is durable and reliable, even in harsh weather conditions. The holder is finished with a transparent tube in which the light source is visible. At the front door or on the outside wall of your terrace? You score with Fedor, especially in combination with a filament lamp.

LORI

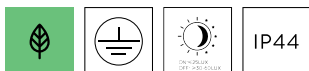

A modern wall light for your front door or to light up your garden. This wall light named Lori feels right at home on the façade of your home or garden house. A day/night sensor operates the lamp, always giving you the correct lighting. The luminaire is made of high-end aluminium and was specially designed for outdoor applications. It retains its stylish look, even in harsh weather conditions. A filament light bulb (not included) makes the most out of this lamp, thanks to the glass lampshade finish.

LINDELO

A contemporary interpretation of a wall light with a rustic and yet modern touch. This outdoor lighting feels at home in any environment thanks to the sleek design. As well as the nicely rounded glass tube that protects the light bulb and spreads the light in a bright manner. This wall light, called Lindelo, is easily connected to an external dimmer and is your perfect companion for welcoming visitors at your doorstep. Or to enjoy warm summer evenings with a pleasant light on your terrace.

CADIX

Cadix lights up any modern or rustic façade and lends it style. This wall light is specially designed for long-term and reliable outdoor use. Cadix is part of the IP65 category, which means it is dustproof and protected from water jets and rain. Thanks to the high-end aluminium, Cadix is also resistant against all weather conditions. The lightsource is protected in a cover made of durable pvc. Cadix is compatible with an LED lightsource. Its cylindrical armature looks even better with a tubular lamp. You can also connect Cadix to a compatible dimmer. Perfect for creating that mood lighting during an outdoor dinner.

KEPPEL

Pleasant, small and so nice. Keppel is an outdoor light of barely 19 centimetres high, but its design and beautiful finish make it a great detail in any setting. The high-end metal with delicate finishing is a link to the rustic and cottage effect. The glass tube, with a stylish finish filled with ostensible water splashes, does the rest. Especially in combination with a filament bulb, this wall light is a great addition to your front door, on your façade or at your terrace.

MAKKUM

Sleek, contemporary and yet with a beautiful rustic touch. This outdoor lighting named Makkum is a very pretty wall light, with shapes that reference a classical lantern. This rustic wall light distinguishes itself by its stylish double wall. The light bulb is encased in a metal tube and surrounded by a glass bell jar. This combination allows for a very natural and atmospheric light distribution. Especially in combination with a filament bulb and an external dimmer, this wall light definitely brings the atmosphere.

ARUBA

Do you enjoy cosiness? Then this Aruba exterior lighting is right for you. The beautiful classic shape takes you straight to times gone by. The black colour of the light fixture enhances that feeling. As a wall light, you can easily install Aruba on any exterior façade. Weather or wind won't hurt it. Thanks to the arm, you also have extra room to manoeuvre. This makes it easy to sit under the outdoor lighting on a cosy bench or at your patio table. Especially in combination with a rural interior, Aruba is a top choice.
