# COCONUT

Combine a functional table lamp with a playful, extravagant interior accent? Extravaganza Coconut does that for you. An exotic scene plays out under the classic-looking cotton lampshade. Two chimpanzees climb up a palm tree. One eagerly picks coconuts while the other, smaller monkey watches approvingly. The crown of the tree is additionally illuminated by the lamp, which spreads its light diffusely. The plastic lamp is half a metre high and is compatible with an LED bulb. You can easily switch the light on and off with the switch on the cord. Enjoy the spectacle and the new eye-catcher in your interior.

# GUST

Hats off for this likeable table lamp. Like an accomplished young man, Extravaganza Gust brings a touch of humour to your living room, bedroom or desk. In a stylish way as well. The plastic gorilla - don't hesitate to call it Gust - reaches up with his left hand to tip his hat. Not just a hat. The bulb is hidden inside the hat. The open top gives the light free play upwards, just as the space between the head of the gorilla and the hat itself spreads the rays of light downwards. Switch this extravagant lamp on with the switch on the cord and relax. Gorilla Gust is already setting a good example.

# LIVRET

Like a book reveals its story page after page, Extravaganza Livret spreads its light beams. And that may be taken literally. The design has the form of a book. The cover is made of high-quality metal, as are the pages. The latter are metal plates, which are perforated. This creates movement in the scattered light. At the same time, this 'transparency' ensures that there is no solid shape on the table, but an airy lamp with decorative added value. This compact table lamp is suitable for an LED bulb. Turn Extravaganza Livret on or off? That's easy, with the switch on the cord.

In the Extravaganza collection, we like to add a pinch of boudoir to a healthy portion of retro. The cheerful colours of the Frizzle table lamps are the ultimate retro accent for any room. From your hallway to your bedroom or living room. Frizzle not only looks playful, it also has a lot of stylish features. These are shaped by the materials used, in turn a play between high-quality metals and fabrics. A satin ribbon around the fabric lampshade finishes it off. Like a package with a nice bow around it. This fine table lamp can be switched on and off easily via the switch in the cord.

Back to basics with pure, fine materials. The Monsaraz pendant lamp is really something to behold. The filament bulb drops down from the small, round mounting plate to reach up to 161 centimetres. Prefer your pendant a little shorter? No problem. You can easily adjust the length yourself to a minimum of 70 centimetres before installing Monsaraz on the ceiling. The pendant has a luxurious retro look thanks to the glass sphere that stylishly surrounds the bulb. With a diameter of 25 centimetres, Monsaraz has a clear presence without demanding all the attention.
