# FEDLER

Ceiling spotlight Fedler is compact, geometrically perfect, has a modern appearance and a diameter of barely 12 centimetre. You can control the intensity of the included dim-to-warm led bulb by yourself after connecting the light to a dimmer (not included). Together with the intensity of the light, you can also change the colour temperature (3000K-2200K). Fedler is manufactured with high quality aluminium. You will enjoy a stylish and lightweight design. This also makes attaching the light to the ceiling very easy. Are you going to place multiple in a row or are you creating your own pattern of light?

# XIRAX

The Xirax ceiling light is a square lightweight of 14 by 14 centimetres. A stylish aluminium frame embraces a GU10 fitting with LED bulb. A powerful light stream of 320 lumen and a dim-to-warm bulb, illuminate your living room from ceiling to floor. This white ceiling light from Lucide integrates itself effortlessly into a modern environment. With a height of 8.8 centimetres, the lighting is barely noticeable. A compact, but still powerful lighting element that surprises everyone.

# BODI

The mounted spot light Bodi round from Lucide is made fully of aluminium and thus has a very high-quality look and feel. With a diameter of 8cm, it is easy to place over a central box. This article is particularly suitable as light in a small hall or toilet. Placed in series, the Bodi is also perfect to use above, for example, a bar or a kitchen counter. The Bodi is fitted with a GU10 high-voltage fitting and is delivered without a light source. You have the choice of using a dimmable or non-dimmable GU10 LED spot or a traditional dimmable GU10 halogen spot. The Bodi is available in the colours of aluminium, white and black.

# GIPSY

Gipsy is its name. Pleasant and modern lighting is its game. This ceiling lamp - or should we say spot - has a GU10 fitting and is simple to connect to a dimmer. And it has quite a few other charms: the terrific, round shapes, for example, in a timeless and yet modern design. This ceiling lamp is 11 centimetres high. Certainly in combination with multiple copies of Gipsy, this lamp perfectly finishes your modern interior.

# TUBE

The mounted spot Tube round from Lucide is an armature lamp made completely of aluminium, and it therefore has a very high-quality appearance. With a diameter of 9.6cm, it is easy to place on a central box. This article is outstandingly suitable as a light in a small hall or toilet. Placed in series, the Tube is also perfect to use, for example, above a bar or kitchen counter. With its 360 degree swivelling and tilting spot, the Tube can be focused on any desired point in the room. The Tube is fitted with a GU10 high-voltage fitting and is delivered without a light source. You have the choice of using a beautiful - dimmable or non-dimmable - GU10 LED spot or a traditional dimmable GU10 halogen spot. The Tube is available in the colours aluminium, black and white.

# TUBE

The Tube recessed spot loans itself outstandingly to integration into false ceilings or into walls. This spot is certified as class 2. The square housing in matte chrome measures 9.2 by 9.2 centimetres. The recessed spot can hold an LED or a halogen spot thanks to the GU10 fitting. In addition, you can control the brightness yourself after installation of a dimmer.

# EMBED

A contemporary recessed spot that fits in either a rural or a modern interior: with this round spot called Embed, you're set. The recessed spot has a diameter of 9.1 centimetres. But the most important asset? That is its versatility. The spot is fully rotatable and tiltable. You can thus easily choose the details that you want to illuminate in your home. Certainly by combining multiple copies, a great many possibilities arise. Connection to an external dimmer is no problem.

# CHIMNEY

Don't be misled by the name: this recessed spotlight, named Chimney, doesn't have anything to do with old, soot-filled chimneys. It is available with 1 or 2 light bulbs that can be directed and adjusted. The square design of high-quality aluminium lights up your industrial and modern home sufficiently. With the dim to warm lamps, Chimney truly deserves a spot in every room of the house. Together with its compatible dimmer, these light sources create the exact right colours, so the exact right atmosphere.

# TRIGONO

Trigono proves with verve that a ceiling spotlight does not have to be boring. Due to its round A-line and full, metal fixture, this ceiling lamp undeniably attracts attention. Trigono directs its light beams wherever you want, because the lamp turns and tilts. With a compact shape of nearly 11 by 11 centimetres, Trigono does not take up too much space. Connect the ceiling lighting to an external dimmer, and you will immediately get the desired lighting at any time of the day.

# NIGEL

This is Nigel, a ceiling spotlight compatible with a GU10 dim to warm LED-lightsource. This source radiates light from 2200 to 3000k. A simple and timeless design with a cylindrical lampshade that lets the spot feel at home in all kinds of interior styles. Nigel is available in both black and white. And with all kinds of light sources. The white version was given a fun accent by giving the inside of the armature a black colour. The ceiling spotlight is made of aluminium and is 12 centimeters tall. Attach Nigel to your ceiling, connect it to a compatible dimmer, twist and turn the spotlight whichever way you want and enjoy.

# XYRUS

If you love style, you are sure to fall in love with this fun and sleek mounted spot. The small tube in matte black is home to a replaceable, included and energy-efficient LED bulb. This makes the mounted spot very versatile and multi-functional. After all, you can aim the tube in any direction. Place several next to each other and choose which details and zones of your home you want to accentuate. Or connect a dimmer. The modern design works in any contemporary living room, kitchen, bedroom or hall. Available in one-, two- and four-bulb models.

# PUNCH

A spot that lasts for years and integrates effortlessly into any interior? Punch throws the light where you want it, because it is maneuverable in all directions. With this wall spotlight, you can put your most beautiful painting or your unique wall cabinet in the spotlight. Or place it in the hallway, the WC or on the stairs. It follows your footsteps everywhere. By connecting it to an external dimmer, you create the ideal atmosphere at any time. In addition, Punch is particularly subtle with a width of about 10 centimetres.

# CLUBS

Clubs is the perfect combination of modern and retro. The sleek design of the high-quality aluminium spotlight blends beautifully with the ribbed finish of the cylindrical lampshade. Measuring 9 x 14.9 x 16 centimetres, this wall light will fit into almost any room in your home. The lampshade is easy to rotate and tilt and can be fitted with an LED light bulb. For maximum convenience, you can easily turn Clubs on and off using the switch on the fixture.

# CLUBS

This sophisticated ceiling fixture combines modern design with a retro look and feel. The ribbed, high quality aluminium shade can be fully rotated and tilted to direct the light where you want it. Measuring 10 x 10 x 14.9 centimetres, this ceiling spotlight adds a subtle yet stylish touch to any room. Suitable for use with an LED light bulb, it can also be conveniently connected to a dimmer. So you can create the perfect atmosphere, whether it's a productive morning or a cosy evening. After all, you deserve to be in the spotlight.

# DORIAN

Like an elegant, light arm, the light source of ceiling spotlight Dorian descends from the ceiling. The aluminium fixture is modern, playful and compact. A perfect fit for any type of interior. And very handy as well, because you can twist and turn the light source any way you want, exactly where you need the light. The spot is fitted with the dim-to-warm function. This means that you can adjust the colour temperature of the warm white light to fit your desired mood for your living spaces. Just make sure that the light is connected to a compatible dimmer. The light source with GU10 fitting is included. Simply mount it and it is ready to use.

# SENSAS

Laurel & Hardy, Ben & Jerry, Bassie & Adriaan? The list of iconic duos is long. Add the Sensas ceiling spotlight to the list. The 2 light sources are inseparable, placed together on a compact rectangular mounting plate. But make no mistake: they are not just copies of each other. Their identical appearance is only skin-deep. In fact, you can operate both fixtures completely independently, directing 2 separate beams of light exactly where you want them. And we mean that quite literally. The light sources can not only be tilted, but also rotated a full 360°.

# GRONY

Grony can be used as both a wall and a ceiling spotlight. It looks like an ordinary black spotlight, but Grony has subtle colour touches that give him that bit of extra. The golden mount also serves a function, as you can use it to easily twist and turn the lightsource in the right direction. Grony is most at home in modern interiors, but can also get along great in a rustic style. This spotlight comes with an included lightsource equipped with the dim-to-warm principle, allowing you to regulate the brightness from 2200 to 3000k. You can also connect Grony to a dimmer.

# FLORIS

Floris offers a modern and warm take on ceiling spots. This version has 1 light point and is made of high-quality aluminium. The cylindrical shape of 10 centimetres in diameter has a stepped effect that contributes to Floris's contemporary looks. You can easily turn and tilt the light point. You thus create light where you need it. Connect this ceiling lamp to a dimmer for the desired atmosphere in every room of a classic or modern interior.

# RILOU

The mounted spot Rilou 1-light LED from Lucide is 100% simplicity and thus really belongs in the category of timeless design. The white metal cylindrical spot in combination with the sleekly designed ceiling plate is undeniably a strong combination. With a ceiling plate size of 10cm x 10cm, the Rilou is easy to place over a central box. The Rilou is an affordable and yet very well finished armature lamp. With its 360-degree swivel head, the Rilou is easy to direct. The Rilou is fitted with a 4.5W - warm white - 3000 Kelvin - energy saving - dimmable - LED light source. This easy-to-dim (dimmer not included) LED light source has a light output of 340 Lumens per spot. The Rilou is available in a 1-, 2-, 3- and 4-light version.

# CIGAL

Think old cinemas or a classic, neighbourhood pub. These Cigal spots from Lucide give an authentic vibe to your sitting room. Cigal bundles an antique appearance and a modern character. The LED bulbs spread warm, white light of 2700 K throughout your entire living room, bar or bedroom. In addition, Cigal is flexible: you turn this metal lamp around 360 degrees. Thanks to the finish in red copper, Cigal is a stunning, compact lamp with a height of 15 centimetres.

# MADEE

Class and elegance brought together in a unique design, with a base of metal and a lampshade of glass. Madee, as this ceiling spotlight is called, feels right at home in any room. A living room, hall or kitchen? Even the smallest room is happy to house Madee. You can easily twist and turn the fixture depending on the precise place you need your light. Don't need so much light? You can easily connect Madee to a dimmer. And thanks to the mounting plate, you can quickly and easily mount the spotlight on the ceiling. The best thing is that you don't have to pick a standard spotlight: Madee is compatible with LED. So why not pick a filament lightbulb for that extra atmosphere factor?

# NILA

Nila immediately catches your eye thanks to its special shape and the combination of black and brass. Made of high-end metal, this is a high-quality ceiling spotlight. The metal cage protects the glass lampshade. It looks vintage, making it perfect for rustic or modern interiors. Nila can also be placed in combination with more industrial elements. You twist and turn Nila to the place you need its light to shine. It does not fit a UG10 lightbulb, but it does have an E14 fitting. Go for an LED or a filament lightbulb and connect it to a dimmer to effortlessly set the right mood in your room.

# RAFA

With Rafa, your search for an original, functional and attractive ceiling spot comes to an end. Its sleek design combines high-quality metal with a perforated accent around the light bulb. Rafa gives your room a warm glow and fits in both contemporary and classic interiors. This ceiling lamp has 1 light point that you can turn and tilt in the direction you want. You can also connect Rafa to a dimmer. You thus create atmosphere and cosiness in every room of the house and at any time of the day.

# MAREN

Anyone who says that a wall spotlight is basic clearly does not know Maren. This wall spotlight translates a classic base and dynamic metal grid into a surprisingly retro accent for your interior. Small in size, great in appearance. The light point is surrounded by a fine metal mesh construction. The lamp diffuses its light neatly through the spherical grid. Maren is rotatable and tiltable, so that you enjoy maximum flexibility for your daily lighting needs.

more info!**

# TRACK BLACK

With the Lucide track lighting, we have paired practicality with enjoyment. Combine your starter pack with a variety of lamps. Select, combine and move them around to suit your needs and to create your ultimate lighting setup. This practical system, along with the modern design, delivers the perfect solution for illuminating your rooms effectively and stylishly. The starter set is equipped with two meters of track and all the basic accessories, so all you have to do is add the lamps of your choice. What makes the track unique is that you can extend it further up to 400m. The starter set provides the perfect start, but it certainly doesn't have to end there. In the box: 2x 1m TRACK, 2x cover, 1x double power supply, 1x Straight connector, 2x End caps, 1x L connector (left), 1x L connector (right)

# MIRAGE

For those who love timeless class and a touch of romance, Mirage is the perfect choice. This ceiling light wants to be seen and makes a powerful impression. Although the fixture with a diameter of 38 centimetres looks robust and stately, the ceiling light casts a soft, diffused light. Underneath all this grace, Mirage is soft and wonderfully warm, making you and your home shine. With its built-in dimmable LED bulb, you can easily adjust the brightness using a compatible dimmer. Fall in love with the beauty of Mirage.

## ESTREJA

Imagine looking up at the starry night sky from the comfort of your own home with the elegant Estreja ceiling light. This round steel ceiling light is adorned with delicate points of light on the inside. Its outer edge also emits light, with adjustable colour and brightness settings via the light switch. With just a few clicks, you can light the stars and outer band together or separately, according to your mood. An eye-catching addition to your living room, bedroom or hallway, and a must-have for stargazing enthusiasts. The lamp has a diameter of 40 centimetres and is equipped with integrated dimmable LED lights that emit a cosy, extra-warm white glow.

# JUBEL

Illuminate specific corners of your room with Jubel, a tilting and adjustable ceiling light. Its stylish round plate supports two modern spotlights, while also casting indirect light across your ceiling. Jubel comes equipped with integrated dimmable LED lights that emit a warm white glow, creating an intimate atmosphere with its three light sources. This contemporary ceiling fixture adds the perfect finishing touch to your kitchen or living room decor. Jubel has a diameter of 40 centimetres and connects to a light switch.

## TENDO-LED

Are you looking for a classy ceiling light with a sleek design? Congratulations. With Tendo LED, you have found one. The flush ceiling light combines a frame in aluminium with a matte diffuser in plastic. The warm, white light thus spreads smoothly into all corners in a room. From your living room to your kitchen or foyer. Tendo LED works green: the ceiling light comes with an integrated LED bulb. Thanks to the 2-in-1 installation panel, the ceiling light also lends itself to recessed lighting.

# AXELLE

Playful. Creative. Subtle. Elegant. The list of adjectives to describe Axelle seems endless. Its rounded shapes are soft and dynamic, just like the light it emits. What is more, the brightness of this ceiling luminaire, made from high quality plastic, is easy to control thanks to its 3StepDim function. This allows Axelle to create the perfect atmosphere in the blink of an eye. For lovers of modern and minimalist interiors, this ceiling light is highly recommended. Axelle is pure class. Nothing more, nothing less.

# MAXENCE

A light that rolls down? Step into the world of Maxence and give your home that extra cachet with this beautiful ceiling lamp. The twisted, PVC fixture extends over 35 centimetres. Mind you, Maxence can't just be forgotten in a corner. This ceiling lamp casts a unique light on your favourite painting on the wall or your showpiece on the commode. It also keeps you company in a reading corner in the living room. You can temper Maxence in 3 steps via the dimming function on the wall switch.

# NURIA

Nuria is a unique, modern ceiling lamp made of high-quality acrylic. This makes it light as a feather and allows the light from the integrated LED bulb to shine through with warm white light. With a diameter of 30 centimetres, this elegant lady is your perfect companion in the kitchen, living room or hall. It provides plenty of light at the crucial moments with 1440 lumens, and if you prefer a cosier setting, you connect it to a dimmer via the wall switch. That is possible thanks to the 3-step dimming function integrated in this sophisticated ceiling lamp.

# UNAR

Graceful elegance, sublime simplicity and timeless appearance. The ceiling lamp Unar combines these aspects with grandeur. Due to its round, metal frame and a matt cover of the integrated LED light source, this ceiling lamp fits into any interior and any room. Unar has a diameter of 20 centimeters and is 5 centimeters high. The ideal light source above a chest of drawers, in the hallway or at the guest toilet. With the built-in dimmer, you can adjust the brightness completely to your liking and enjoy the right dose of warm light at any time.

# OTIS

Ceiling light Otis apparently enjoys a simple design, but make no mistake. That is where its strength lies. You can effortlessly place this ceiling lamp in your living room, family room or storage room. Thanks to the integrated LED bulb, you instantly enjoy warm, white light. Without a high energy bill, since Otis consumes just 22 watts. That is very little for a ceiling lamp of 28 by 28 centimetres.

# ATKIN

Modern, durable and multi-functional, you get more than just a wall light with Atkin. The wall light is perfect as bedside lamp, because its USB port even allows you to charge your phone at night. The wall plate, made of high-end steel, is easily attached to the wall. The light source is hidden subtly, yet strikingly clear. The warm white light fits any room. Thanks to its practical design, you can also use your lamp as a table for another accessory. You operate the lamp with the switch, which is subtly hidden in the edge of the fixture. Available in various colours.

# BENTJER

Wall light Bentjer is for everyone who loves special effects. Thanks to the light sources on the side of the fixture. The light comes from the integrated LED that shows its full potential on the front. Perfect as night or reading light in a modern bedroom. Bentjer is available in a black and a white edition. You can twist and turn the light to perfectly shine the light exactly where you need it. With a diameter of 14 centimetres, Bentjer is not very big, but it fulfills its duty as wall light. Switch the light on and off by using the switch on the fixture. You can mount Bentjer directly on the wall, without extra cabling. Nice and easy.

# GALEN-LED

A wall light with a designer look, integrated LED lighting and a wonderful finish. This wall lighting is perfectly suited as a reading lamp next to the bed or as a night light. The flexible reading arm lets you point the light on what you find important. The switch is integrated in the wall light for ergonomic and simple operation. A matter of never having to get out of bed again. The high-quality aluminium with a matte finish is not only very stylish, it is also very durable and timeless.

# BUDDY

Buddy is your friend in the bedroom. This decorative and especially practical wall light is the ideal companion as a night or reading lamp in your bedroom. The integrated LED lighting provides a bright and warm light. The modern version in white is beautiful in a modern bedroom. In addition, you also have complete freedom after installation. The arm of this reading lamp really folds itself into any bend in order to provide you with a bright light before sleeping.

# BOXER

Wall lamp Boxer fits in completely. While you enjoy functional light, you can, for example, charge your smartphone via USB. You control the lighting via the switches. Yes, switches, because Boxer combines light from a spot with a cosy glow from the integrated LED. You use one at a time, or turn them both on simultaneously. The functional spot is adjustable and tiltable. That way, you always have light in the right place. The modern design is made in high-quality steel.

# TURNON

Simplicity adorns, and sometimes it is small details that complete a design. That is the case for Turnon (get it?). We applied brass to the inside of the lampshade, which gives this wall lamp a colour accent. Sleek, especially in contrast to the black, high-quality aluminium. You simply turn and tilt this lamp to the correct position, and you can also easily connect Turnon to a dimmer. The included light bulb has the dim-to-warm function. Feel free to adjust the colour temperature. This is possible from 2200 to 3000K. Operate Turnon with the switch on the lamp.

# VINZ

Whether it is a painting by an artist or by your children, it is a precious asset that you like to put in the spotlight. Vinz is a picture light with a classic look, made of high-quality metal. You attach the lamp to the wall and connect it to a switch. The tubular lampshade accommodates 2 LED light sources and slopes in the direction of the painting. With a length of 36 centimetres and a width of about 19 centimetres, Vinz makes every work of art come into its own.

# EKLYPS LED

A cosy warm light on your ceiling or wall. That is Eklyps LED. This version is flexible: feel free to use it as a wall lamp or ceiling lamp. Eklyps LED is fairly small in size and creates a warm glow in your environment and on the wall. The lighting is hidden behind a sleekly finished metal disc. Once the light is turned on, the disc changes into a diffuse glow that creates warm accent lighting. The aluminium base of the wall lamp can be attached easily to the wall. The integrated LED lighting does the rest. Eklyps LED fits perfectly in modern interior architecture, and in pretty much any room. Add an extra touch to your dining room, the guest toilet, the foyer or your lounge: anything is possible, nothing is required.

# JOLIYN

Do you require a bedside lamp, but is your electrical setup not designed for it? With a rechargeable reading lamp like Jolijn, your bedroom will be even more comfortable - and without the hassle of cables. With its swivel and tilt functions, you can direct the light where you want it: on your book or even on the ceiling for a soft, ambient glow. Jolijn is easily recharged via USB and can be mounted with a handy magnetic mounting system, while the built-in LED lights emit a warm white glow. Jolijn is 10.2 centimetres in diameter.

# XIO

A black, sleek box full of light for your wall. This cube from Xio is a modern wall light with sides of 9.7 centimetres. The aluminium frame makes this lighting easy to install and simple to move. Small, light, but robust lighting. This compact lighting is muscular. Xio is compatible with LED bulbs of a maximum of 4W and has a light colour of 2700 K. The item has two adjustable slats that allow you to partially adjust the beam. You can choose to shine the beam evenly upwards/downwards. Only upward or only downward or a narrower beam up/down and on the other side a wider beam are also possible. These wall lamps with G9 fitting illuminate your bedroom and give a clear, warm view of things.

# XERA

Wall lamp Xera, with its size of 8 to 10 centimetres, is not the largest, but thanks to the unique design, it is nevertheless a eye catcher in any modern interior. The double light distribution in a cylindrical shape creates a unique effect on a brick, concrete or painted wall. With its black colour, Xera gives your living room, office or entry a subtle industrial touch. The inside of this bulb is gold-coloured, which creates an extra warm effect.

# BONDI

Subtlety is key with this elegant and discreet wall spotlight. Crafted from high-quality aluminium, the fixture attaches to any wall with ease. This allows the spotlight to cast its warm glow on a focal point in your home, or add an extra dimension to large surfaces. As a result, this wall light is surprisingly versatile and suitable for any room. You can easily connect Bondi to a dimmer and adjust the light intensity to suit your needs. Cosiness guaranteed all year round. The spotlight is 18cm high and 8cm wide.

## DEVI

The wall lamp Lucide Devi is a beautifully finished aluminium armature light. This wall lamp, often used by architects, best comes into its own on a lovely stucco wall or a tough, coarse masonry wall. This wall lamp namely provides a beautiful hourglass-shaped beam. With a back plate of 10,5cm x 8cm, the Devi is easy to place over a central box. The Devi is made with a G9 high-voltage fitting, but is delivered without a light source. Choose a traditional G9 halogen spot (max 42W) or an energy-saving dimmable or non-dimmable G9 LED light source. LED or traditional halogen, because there is no transformer in the Devi, this armature light is certainly very simple to dim (with a basic dimmer - not included). The Devi is available in the colours of white, black with inside in matte gold and aluminium.

# QUIRIJN

Light creeps in where it cannot go. At least with Quirijn. The simple wall lamp immerses any room in a warm glow due to its cylindrical shape that is cut at an angle on both sides. The brass inside of the lamp forms a warm contrast with the outer shell. Quirijn feels at home on any wall, in the hallway, living room or bedroom. The wall lamp is 30 centimetres long and just under 13 centimetres deep. Linked to an external dimmer, Quirijn effortlessly adapts to the mood of the moment.

# JELTE

Jelte is a small and almost cute wall light, specially designed for safe and long-term use in your bathroom. On top of a thin, black, metal foot is attached an opal-coloured glass piece with a diameter of 15 centimeters. The design fits both modern and classic interiors. Mount the armature on the wall and then connect it to a dimmer. From now on, you will get in the right mood from the moment you brush your teeth in the morning.

# AXI

You opt for stylish light in the kitchen, living room and bedroom. And you're right. But why stop there? In the bathroom, you don't have to sacrifice design when it comes to lighting. Wall spotlight Axi is specifically designed for long-term use in damp rooms. The cube made of high-quality metal is open at the top and bottom. The item has two adjustable slats that allow you to partially adjust the beam. You can choose to shine the beam evenly upwards/downwards. Only upward or only downward or a narrower beam up/down and on the other side a wider beam are also possible. The result: subtle, modern lighting in the bathroom.

## JENNO

Jenno is a modern wall light that is specially designed for safe and long-term use in moist rooms. That makes Jenno perfect for beside the mirror in your bathroom. Jenno is only 14 centimeters tall, but amply makes up for that in design and light intensity. The contrast between the black, metal armature and the opal-coloured glass makes Jenno stylish and timeless. Mount this wall light to the wall and connect it to a dimmer. Now you can set the mood in your bathroom from the moment you wake up.

# CARLYN

The correct lighting is crucial for a bathroom. This ceiling light, called Carlyn, was specially designed for safe use in the bathroom. It has two light sources and is compatible with LEDs that radiate extra warm, white light. They are set up opposite each other to bring the light together beautifully in the middle. The stylish glass capsule over the lamps protects the light sources. The square frame made of aluminium is durable and open along the sides to allow the light to radiate into the room. The aluminium square of 25 by 25 centimetres is perfectly suited for modern bathrooms that need that extra something. You can easily mount Carlyn to the ceiling with a mounting plate. It turns off and on with the switch.

# BRICE-LED

Are you looking for a high-quality ceiling lamp equipped with the latest LED technology and a timeless design? The Brice LED round from Lucide is absolutely the right choice for your living room, kitchen, hall, or toilet. Let's start with the base of the Brice LED. Every model of the Brice LED series (round or square) is equipped with quality LEDs from the renowned LED manufacturer Epistar. These LEDs have a very high lumen output and provide a fully uniform, warm white light distribution. A big added advantage is that, if desired, the Brice LED can be dimmed perfectly well (dimmer not included). This allows it to always meet the lighting need of the moment. The armature itself of the Brice LED is made from 1 piece of aluminium and is therefore completely seamless. You can see immediately that the Brice LED is really of a higher class than a typical ceiling lamp. Pure simplicity and a beautiful design with superb lighting technology. The Brice LED round is available in Ø 12 - 18 - 24 or 30 cm.

# FRESH

The Fresh ceiling lamp from Lucide wears its name very well! Fresh design with a thickness of 9,5cm integrates perfectly on any ceiling. In addition, the Fresh, with its IP value of 44, can also be placed in the bathroom. The matte chrome or matte white finish ensures a well-kept appearance. It has an E27 fitting so that you can choose to use energy-efficient bulbs.

# TRUDY

Modern in materials, traditional in looks. Trudy is a ceiling lamp specially designed and made for safe use in the bathroom. The three spheres in glass hang on a metal bar that is connected to the ceiling panel. Trudy hangs sturdily from that. This flush ceiling light measures 28 x 28 x 18 centimetres. It thus remains small and cute, but make no mistake: it gives off enough light to hold its own. If desired, you can also connect Trudy to a dimmer.

## TYLER

Light in your bathroom must be functional. But who says that light shouldn't set the atmosphere? Or that a light fixture should not look stylish? This ceiling lamp with a retro look will remove any doubts. Tyler is the perfect combination of attractive fumé glass and brass. Moreover, you can easily connect Tyler to a dimmer. The ceiling lamp is designed for long-term and safe use in damp areas such as the bathroom. Not a fan of matte gold? Then go for the version with a black steel ceiling plate.

# LORENA

A bathroom lamp with attitude? Lorena mixes a bit of diva allure with a modern twist. Opt for a version with transparent coloured glass and enjoy the view of the filament bulb. Or go for an opal version for an even warmer atmosphere. The ceiling lamp is 23 centimetres wide and 20 centimetres tall. Lorena is specially designed for a bathroom environment and completely safe in damp areas. Would you like to give it a different place in your house, such as in the WC or at the sink for your guests? We won't stop you.

## LILY

Hang this sturdy, snow-white lighting from your bathroom ceiling. This Lily lighting element from Lucide gleams with its IP value of 54 above the bath or shower: this lamp is water-resistant. The modern lamp has a G9 fitting, ready to receive a (LED) light source. This sleek, round lamp takes up hardly any space with its 6 centimetres. Lily loves company: you can hang several ceiling lamps next to each other. Make your bathroom into a relaxing place.

# FAVORI

Will this trendy pendant lamp be your new Favori? Put a work of art in the spotlight, illuminate your coffee table or immerse your countertop in atmosphere. Favori is flexible in use. The pendant lamp is adjustable in height so that you create the right setting in your home. The light bulb is incorporated in a flattened sphere that merges at the top into a brass connection on the cord. Favori is relatively small with a diameter of 9 centimetres and can be hung from 50 to a maximum of 120 centimetres.

# LENNERT

On early mornings, Lennert will meet you so that you can start the day well. This ceiling spotlight illuminates the space where illumination is needed. The fixture is rotatable and tiltable. Made from high-quality metal, Lennert is suitable for bathrooms. The design comes into its own in combination with a dim-to-warm spot light. Connect the lamp to a compatible dimmer and change the color temperature of the light source until the desired atmosphere for that early morning or late evening has been reached.

# TAYLOR

Taylor knows better than anyone how important good lighting in the bathroom is. This ceiling spot is made of high-quality aluminium and is specially developed for safe use in the bathroom. It not only has a modern, cylindrical look, but is also extremely practical thanks to the supplied dimmable light bulb. You can dim Taylor to a warmer colour temperature thanks to dim-to-warm technology. Ideal for those who do not like bright light in the morning. Then turn and tilt the ceiling lamp to the place in your bathroom where you need Taylor. Due to its compact dimensions, it feels at home in almost every bathroom.

# AVEN

Ceiling spotlight Aven looks like a simple, cylindrical spotlight. Nothing could be further from the truth, since the design has been well thought out. Aven is specially designed for installation and use in bathrooms. The fixture is made of high-quality aluminium, and your spotlight is covered with a separate glass cover. You can thus easily switch the ceiling spotlight on and off, and you don't have to worry about moisture. You can easily connect Aven to a compatible dimmer. You can use a dim-to-warm spotlight bulb in this fixture. That allows you to set the right atmosphere, even in your bathroom, based on an adjustable colour temperature of the light source.

# ZIVA

It is important to have enough light in your bathroom, and recessed spotlights are the perfect way to create enough light. But you might want to have a bit of ambiance, too, sometimes, to enjoy a hot bath, for example. In that case, Ziva is the perfect lamp for you. The round design of this recessed spotlight with a diameter of 7.5 centimetres is great for both classic and modern bathrooms. With the dim to warm function, you can simply set the right colour using a compatible dimmer. The light bulb can be adjusted to meet all your demands. Are you looking for some Zen? Turn the dimmer to 2200K and enjoy your hot bath like never before. And of course, Ziva is also at home in your other rooms.
